

Prince Albert will  
show you the real  
road to smoke-joy!

PRINCE ALBERT was made to create tobacco  
content where it never existed before! It per-  
mits men to smoke all they want without getting  
a sore tongue, without any comeback but real  
tobacco enjoyment! The patented process by which  
Prince Albert is made (and controlled exclusively  
by us) fixes that—and cuts out bite and parch!

## PRINCE ALBERT

the national joy smoke

comes right to your taste fair and square! And it  
will do for you what it has done for thousands of  
men—make pipe or cigarette smoking the cheerful-  
est of your pleasures!

Prince Albert is to be had  
everywhere tobacco is sold.  
Tasty red bags, 5c; tidy red  
tins, 10c; handsome pound  
and half-pound tins, 25c.  
—and in that classy pound  
crystal-glass humidor with  
genuine-moistener top that  
keeps the tobacco in such  
fine shape—always!

What we tell you about Prince  
Albert is a fact that will prove out  
to your satisfaction just as quickly  
as you lay in a stock and fire-up!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tin you will  
find the "Process Patented July 30th,  
1907," which has made three men smoke  
pipes where once smoked before!

### Paper Prices Soar.

Don't blame the printer if your next  
bill for stationery is a "bit" higher  
than formerly. He's not to blame.  
Prices of book paper have taken a 50  
per cent raise; flat paper from 30 to  
40 per cent; bond from 30 to 50; en-  
velopes from 10 to 50; cardboard from  
20 to 60 per cent. Jobbers won't make  
prices to the printer, and stock is  
hard to get. The increase is due to  
the advance of price of ingredients  
used in the manufacture of paper, be-  
cause of the shortage in raw materials  
and the increased demands here  
and abroad. A St. Louis paper house  
a few days ago turned down an order  
amounting to \$100,000 from Japan  
because it would work a hardship on  
the home printers. Rags, of which  
a large part of the better grades of  
paper are made, have advanced from  
1 1/2 to 5 1/2 cents per pound.

Chlorine, which is used as a bleach  
for papers, and the absence of which  
has turned many of the conservative  
papers "yellow," was purchased at  
\$28.50 per ton before the war, but it is  
now selling at \$331 per ton. The  
printer man is up against it the same  
as the merchant and other purchasers  
of manufactured articles.

ago. The kidney secretions were dis-  
ordered and I could not lift or  
stoop without having pains in my

ney Pills gave me the first relief I

## Political Pointers.

The Wet and Dry fight is on in the  
Republican party. The prohibitionists  
are back of Swager, and the brewers  
are back of Lamm. Evidently,  
the Republicans think that Missouri  
has to be governed either by the Anti-  
Saloon League of the Liquor Dealers'  
Association. These latter-day Rep-  
ublican leaders are not quite so smart  
as Hadley was. Hadley was wet in  
the city and dry in the country, and  
he caught them coming and going.

If money will buy the Republican  
nomination for President, Roosevelt  
will be the nominee. But money is  
not going to buy the American people  
in the general election this year.

During the last Republican adminis-  
tration in this State, the various State  
institutions were constantly torn by  
factions and upset by scandals. The  
various insane asylums, the peniten-  
tiary, Lincoln Institute, many of the  
normal schools, appeared by turns  
upon the first pages of the daily news-  
papers, and never was such a record  
of incompetence and downright mis-  
management exhibited in the history  
of the State. Now all is changed. All

the State's institutions are being ef-  
ficiently managed and at a minimum  
of cost—and that is what the taxpay-  
ers want.

The State of Missouri owes its en-  
tire school system, its banking system,  
its road system, and practically every-  
thing else that constitutes a great  
State, solely to the Democratic party.

We have the safest mining inspection  
laws in the world, as shown by the  
statistics of our mining accidents. We  
have more miles of improved roads  
than some of our sister Republican  
States who have a higher tax rate.

We have one of the largest permanent  
school funds in the world. Our banks  
are progressing more rapidly than  
those of other States. No State is  
making more rapid progress in the  
construction of highways. All this is  
due to the Democratic party, the party  
that believes in a government of the  
people, by the people and for the  
people. Have the Republicans any-  
thing better to offer? No. They left  
us a debt of forty millions, and we  
paid it while reducing the taxes every  
year. They did nothing for the  
schools, nothing for the roads, nothing  
for industrial and commercial sys-
